

Press release  
15 October 2025

## **New mandate for the ENGIE Corporate Foundation Appointment of Elisabeth Richard as Executive Director of the Foundation**

**ENGIE Group has renewed the mandate of its corporate foundation for a period of five years in order to align the foundation's activities with the Group's 2030 strategic roadmap. On this occasion, the Foundation's Board of Directors, during its meeting on 13 October 2025, appointed Elisabeth Richard as Executive Director.**

Under its new mandate, the ENGIE Foundation will have an annual budget of €7.8 million. It will support projects of general interest that benefit people, society and the environment, by helping to reduce social and regional inequalities and protect biodiversity.

Succeeding Philippe Peyrat, who had held the position for 15 years, Élisabeth Richard was previously Director of Civil Society Relations at ENGIE. She began her career as a journalist before moving into communications and social engagement at SITA and then ENGIE. She has distinguished herself by implementing ambitious policies promoting diversity and professional equality, as well as through her long-standing commitment to combating violence against women and preventing sexual abuse of minors in sports. She is a qualified member of France's High Council for Gender Equality, where she co-chairs the 'Violence' Commission.

**Jean-Pierre Clamadieu, President of the ENGIE Foundation, said: 'I would like to thank Philippe Peyrat for his work at the helm of the Foundation. I welcome Elisabeth, who will bring her enthusiasm, energy and high standards to projects aimed at creating a more inclusive society, in line with ENGIE's corporate purpose.'**

## About ENGIE

ENGIE is a major player in the energy transition, whose purpose is to accelerate the transition towards a carbon-neutral economy. With 98,000 employees in 30 countries, the Group covers the entire energy value chain, from production to infrastructures and sales. ENGIE combines complementary activities: renewable electricity and green gas production, flexibility assets (notably batteries), gas and electricity transmission and distribution networks, local energy infrastructures (heating and cooling networks) and the supply of energy to individuals, local authorities and businesses. Every year, ENGIE invests more than €10 billion to drive forward the energy transition and achieve its net-zero carbon goal by 2045.

Turnover in 2024: €73.8 billion. The Group is listed on the Paris and Brussels stock exchanges (ENGI) and is represented in the main financial indices (CAC 40, Euronext 100, FTSE Euro 100, MSCI Europe) and non-financial indices (DJSI World, Euronext Vigeo Eiris - Europe 120 / France 20, MSCI EMU ESG screened, MSCI EUROPE ESG Universal Select, Stoxx Europe 600 ESG-X).
